FISCAL IMPACT - Small Business

Small businesses which are insurance companies could be affected by this proposal.

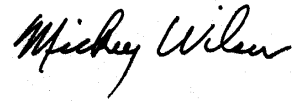

DESCRIPTION

This proposal repeals several provisions regulating commercial casualty insurance and commercial property insurance. The proposal repeals: (1) The provision that gives the Department of Insurance 60 days to review a commercial casualty insurance filing before it can become effective; (2) The provision that exempts commercial property and commercial casualty insurance policies from the department's authority to regulate rates of policies written for certain types of policyholders; (3) The provision requiring actuarial data to be included with all commercial casualty rating system filings; and (4) The provision granting the department rulemaking authority over rating plans and rating systems of commercial casualty insurance policies.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
